BVS RESOURCES: A Complete Training Session

The BVS Childcare range was developed to help childcare professionals deliver effective in-house training. Each title was devised to meet different areas of the National Occupational Standards, and provides underpinning knowledge for NVQ.

The BVS resources have recently been reviewed by a former Ofsted Inspector, linking them to the Every Child Matters outcomes and the Early Years Foundation Stage.

Each training pack comes with a DVD and a CD-ROM packed full of supporting materials to guide you through delivering your training, including lesson plans, trainer's guide, training records, exercises, case studies, discussions, handouts, question & answer sheets and certificates.

Recognising Indicators of Child Abuse

Product Code: DVD D40 **IDEAL FOR NEW STARTERS**

Raise awareness of the possible signs and symptoms of children at risk. Ideal for safeguarding children training for new childcare workers, it aims to help providers meet Standard 13 and Ofsted inspection expectations, by making sure all staff have the minimum necessary, but crucial, child protection awareness. Featuring 0 - 8 year olds in a variety of childcare settings.

Subjects covered include:

Abuse is a Reality • Settings and Forms of Abuse • Physical Abuse • Emotional Abuse • Sexual Abuse • Neglect • Behavioural Indicators of Abuse • What to do if you Suspect Abuse

Duration: 18 minutes in 8 sections to be used in a suggested 1½ to 2 hour training session.

Training Resource Contains:

Lesson Plan, Trainer's Guide, 3 exercises, 5 handouts, Q&A sheets and other supporting materials.

Consultant: **Dr Barry Wilson PhD, BA, CQSW.**

Peer Review: **NSPCC.**
